WELCOME TO OUR COMPANY

P D EKATPURE INFRA PRIVATE LIMITED is a professionally managed infrastructure and civil engineering company engaged in the execution of government, semi-government, municipal, industrial, and private sector projects across Maharashtra.

The company has been incorporated with the objective of undertaking large-scale infrastructure development works and continuing the rich legacy, technical expertise, project execution capabilities, and business experience established through the proprietary concern of Er. Pritam Dasharath Ekatpure.

The organization specializes in the construction, development, maintenance, and rehabilitation of infrastructure assets including roads, buildings, bridges, water supply schemes, drainage networks, irrigation structures, public utility facilities, and urban development projects.

The company combines modern engineering practices, qualified technical manpower, quality-focused execution, and strong project management systems to deliver projects within stipulated time schedules while maintaining the highest standards of quality and safety.

VISION & MISSION

OUR VISION

To become one of Maharashtra's most trusted infrastructure development companies by delivering sustainable, high-quality, and innovative engineering solutions that contribute to nation-building and public welfare.

OUR MISSION

- Deliver quality infrastructure projects on time and within budget.
- Adopt modern construction technologies and engineering practices.
- Ensure complete client satisfaction through professional execution.
- Create long-term value for stakeholders and society.
- Maintain the highest standards of safety, integrity, and environmental responsibility.

WHY SHOULD YOU CHOOSE US?

"At P D EKATPURE INFRA PRIVATE LIMITED, we believe that infrastructure is the foundation of progress. Our commitment is to deliver durable, high-quality, and sustainable engineering solutions through technical excellence, professional integrity, and timely execution, creating long-term value for our clients and communities."

- **Proven Experience**
- **Strong Leadership**
- **Government Project Expertise**
- **Qualified Technical Team**
